Hiring Manager

Webstar Uganda

Dear Hiring Manager,

I am writing to express my interest in the Web Development Internship at Webstar Uganda. I am currently pursuing a Bachelor's degree in Software Development at Brigham Young University – Idaho (2024–2027) and have gained practical experience in web development through coursework, certifications, and personal projects.

Through my academic and practical experience, I have developed strong skills in HTML, CSS, JavaScript, Python, and responsive web design. Notably, I designed and deployed a fully functional website for BeSelfless Uganda, enhancing their online presence and showcasing their programs. My personal portfolio also highlights multiple projects that demonstrate my ability to create interactive and user-friendly web applications.

I am particularly drawn to Webstar Uganda because of your commitment to delivering high-quality web solutions that make an impact. I am confident that my technical skills, creativity, and passion for problem-solving will allow me to contribute effectively to your team. Moreover, I am eager to learn from experienced professionals and further develop my skills in a dynamic environment.

I would be grateful for the opportunity to discuss how my background and experiences align with your needs. Thank you for considering my application. I look forward to the possibility of contributing to Webstar Uganda and supporting your mission.

Sincerely,

Reagan Otema
