Hiring Manager

Webstar Uganda

Dear Hiring Manager,

I am writing to express my interest in the Web Development Internship at Webstar Uganda. As a Software Development student at Brigham Young University – Idaho (2024–2027), I have built a strong foundation in web development and programming, supported by certifications in Web and Programming and PathwayConnect. I am excited about the opportunity to contribute my skills and creativity to your team.

During my studies, I have gained hands-on experience designing and deploying interactive, responsive websites. Notably, I developed a fully functional website for BeSelfless Uganda, highlighting their programs and initiatives, which you can view [here](#). My personal portfolio ([here](#)) demonstrates additional projects that showcase my proficiency in HTML, CSS, JavaScript, and responsive design. I am confident in my ability to create user-friendly, visually appealing web applications that meet real-world needs.

I am particularly drawn to Webstar Uganda because of your commitment to delivering impactful digital solutions. I thrive in collaborative environments and am eager to learn from experienced professionals while contributing meaningfully to your projects. My strong problem-solving skills, technical expertise, and dedication to continuous learning make me well-suited to support your mission.

I would welcome the opportunity to discuss how my background, skills, and passion for web development can benefit Webstar Uganda. Thank you for considering my application, and I look forward to the possibility of contributing to your team.

Sincerely,

Reagan Otema
